UltraCore

For maximum impact
with minimal fuss

If you're looking for a stunning wood style floor that combines durable quality with chic finesse, then UltraCore is the right choice.

UltraCore is our luxury WPC click-fit flooring collection, which is a floating floor that provides a superb alternative to laminate or hardwood solutions. It combines stunning natural designs with fast fitting technology and all the durable qualities associated with Brampton Chase luxury floors, creating a beautiful flooring built to withstand the day-to-day demands of modern lifestyles.

Floors made for living

Fully waterproof with unrivalled realism sets UltraCore apart from other floors.

Finished with our Brampton Superior Emboss surface that brings lifelike knots and grain to each super-sized plank. This state-of-the-art technique perfectly matches the surface texture with the wood design for astounding authenticity in a fully waterproof flooring.

Experience less upheaval and disruption.

Proven click-fit technology and a built-in underlay make this an exceptional fast-fit solution that can be installed over most existing hard floors. Large areas can be installed quickly and furniture replaced immediately.

UltraCore

Defining exceptional performance

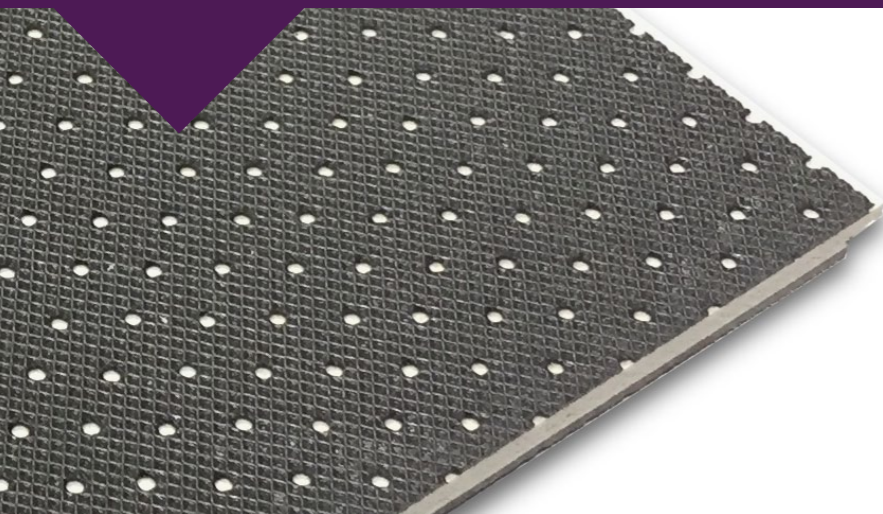

UltraCore features our Brampton Superior Emboss surface that brings lifelike knots and grain to each super-sized plank. This state-of-the-art technique perfectly matches the surface texture with the wood design for astounding authenticity.

UltraCore is 100% waterproof with a watertight click-fit mechanism and is perfect for bathrooms, kitchens and all entertaining areas.

UltraCore features a built-in perforated acoustic underlay that reduces noise and allows for great temperature transfer over underfloor heating systems. UltraCore requires less preparation and can be installed over most existing hard floors.

UltraCore is manufactured phthalate-free to be kinder to you, your family and the environment.

UltraCore is hygienic with a low maintenance surface that doesn't harbour dust. All Brampton Chase floors are simple to care for, extremely easy to clean and will last a lifetime.

UltraCore

1.8 metres

Make an impact

At a staggering 1.8 metre long and over 22 centimetres wide, UltraCore offers unprecedented impact and is perfect for large open spaces, covering any area quickly and easily. Our unwavering commitment to premium construction, aligned with a market leading 8mm thick plank creates a truly wonderful flooring that has real substance and solidity.

Combined with our Brampton superior emboss and subtle matt finish, sets UltraCore apart as a flooring of unmatched quality.

Our super-sized planks are available in a wonderful range of colours, with each design featuring natural tone and colour variation for added realism. There is a perfect UltraCore design for every room, home and work-space.

Alaskan Lodge

[Order your free sample](#)

UltraCore

Alaskan Lodge

A clean, dynamic style to suit a multitude of spaces.

Our Alaskan Lodge finish is inspired by light grey painted wood and offers cool, varied tones for a crisp interior setting. Open spaces will be lifted through the uncluttered styling, whilst our superior surface texture brings every plank to life with a truly natural look.

Set this design against core accent colours for added bite, or align with a neutral theme for a softer edge.

Colorado

[Order your free sample](#)

UltraCore Colorado

Bringing the timber touch to urban chic.

Our Colorado finish unites the aesthetic of stylish stained wood with the demands of contemporary living. Deep greys punctuated by dark knots and flowing grain bring a stylish and luxurious finish to any living space.

Textured to perfection with natural character bristling through the modern grey washed surface.

Log Cabin

[Order your free sample](#)

UltraCore

Log Cabin

Laid back living with traditional charm.

Our Log Cabin finish adds a tranquil natural setting that brings the feel-good factor to any room. Warm and welcoming tones are enriched by the cascading grain and stunning surface texture.

From bustling with books to minimalist, you can build your space confidently around this stylish base.

Traditional Oak

[Order your free sample](#)

UltraCore

Traditional Oak

A natural touch in a clean, contemporary plank.

Our Traditional Oak finish adds authentic shades, colour and natural balanced tones for a comforting, homely atmosphere. Delicate characteristic grain flows through the planks, punctuated by evenly spaced knots.

Achieve effortless charm and make any space feel cosy with Traditional Oak.

Natural Oak

[Order your free sample](#)

UltraCore

Natural Oak

The light, delicate touch of nature.

Our Natural Oak finish adds the understated beauty of real wood with a light untreated style that allows all the natural qualities to shine through. Gentle tone variation with classic grain and knots make this a hugely versatile platform for any room.

Add punch with strong colours or just let the room be a haven of neutral tones, this floor will simply work with your style.

Ranch

[Order your free sample](#)

UltraCore

Ranch

Lively natural shades in an exuberant design.

Our Ranch finish brings cheerful freshness and added energy as the backdrop to any interior design. Honey tones blending with richer browns give the textured grain a depth and warmth traditionally only found in real wood.

Ranch is brilliant for any space providing a relaxed ambiance and natural touch.

UltraCore

Banff

Smooth, earthy tones with luxurious depth.

Our Banff finish blends soft natural hues with an earthy richness to offer a floor that will bring warmth to the heart of your home. Precise surface texturing adds extraordinary definition to the timber grain and will draw an appreciative eye across any room.

Add a luxury chic base to your interior design with Banff.

UltraCore

Bearwood

Bold grain with a touch of the wild.

Our Bearwood finish adds a sophisticated twist to a room, with its contrasting mid-tones and smokey grain pattern and scattered knots. The detailed texturing enriches the darker wood grain effect and defines your space with daring edge.

Be distinct with a Bearwood floor and add your individual touch to any space.

UltraCore

Close up

Brampton's protective UV surface coating is applied to every plank for added protection and a subtle matt finish.

Advanced durability with a clear PU wear layer that protects the floor's design and adds the realistic, textured grain effect.

Nature in High Definition, this superior photographic layer adds the natural wood design to the plank. Controlled colour, consistent and stunning.

Built-in perforated underlay provides a sound dampening, cushion finish that is ideal for use over underfloor heating systems.

The **'Core'** is produced from virgin PVC and developed to bring balance, flexibility, sound dampening and complete stability to every plank.

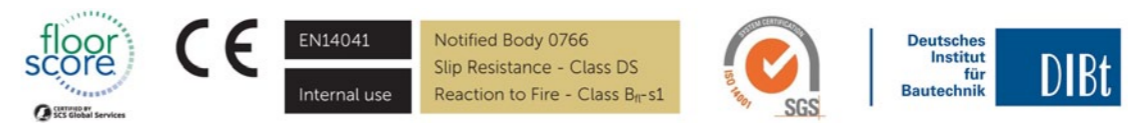

The **'Click-fit' 5G** system is built into this layer, allowing each plank to easily click together.
